ACHIEVEMENTS :

The CSC is a pioneering institution to have been established for the first time in Guntur.in the year 1981 to guide its, First Batch of students for Bank clerks , PO's RRB and MBA Entrance. This was practically a big boost for such students who were unknowledged of proper approach and technicalities of preparing for Competitive Examinations.

Many of our students could successfully fight the demon of unemployment during these three decades of our history. The CSC has its colorful footprints on the sands of time having seen thousands of its students getting selected for various dignified positions. The stream of this trend still continues unabatedly with the same mark of confidence-generating training to its students. With its qualitative teaching by its well-experienced scholarly teachers, the CSC could see that the students are selected in every selection by any Employment Board. It is not exaggeration to say that there is no branch of any Nationalised Bank nor any Government Department throughout our State without having the student of this college either as an Officer or as a Clerk.
